Read What Our Providers Have To Say...

"I ran my own private home daycare for over 10 years before joining the Wee Watch family. Having the support of Wee Watch has made my job so much easier, as I can concentrate more of my time on the children and program preparation, rather than on administrative duties. Workshops and continuing education offered by Wee Watch have provided me with the tools to approach each day with fresh ideas. I love working with young children and have found the overall Wee Watch experience extremely rewarding." Sue, Brantford

Wee Watch Child Care Careers

Advantages of Joining Wee Watch, A Licensed Agency

Being part of a licensed agency means you are recognized as providing consistent quality care that adheres to strict standards. It reinforces you are following guidelines and regulations that provide a safe, educational child care experience.

The Ministry of Education sets the policies that are governed by the Child Care & Early Years Act. As of August 31st, 2015, new standards have been introduced that increase support of, and further promote the benefits of licensed childcare.

Only a childcare Agency can qualify to be licensed and they are monitored by the MOE to ensure compliance. A private Provider cannot be licensed - and with the new government regulations, they must inform parents that they are not licensed.

Wee Watch is a unique organization that exceeds many of the standards and recognized for their premium childcare. We also apply the highest standard of service to ensure our Providers have the best resources available to them while working with us.

Joining Wee Watch means you are part of our professional child care team. You can be proud of the credibility status and have the comfort of knowing you are "up to standard" and beyond, being safe and compliant.
